DAY 1

Cusco – El Dorado Lodge (nearby)

Early departure from Cusco in the morning, the beginning of the Manu Road passes through numerous dry inner-mountain valleys and picturesque villages. This gives you a quick overview of locals' lifestyles and colorful clothes, a brief stop at the village of Paucartambo which features a beautiful arched colonial bridge. From Paucartambo the altitude will keep on increasing and the setting gradually gets enveloped by a cloudy mist, the road leads you to Acjanaco pass consisting of the main gateway to Manu National Park.

Once across Acjanaco Pass (3550 m / 11.647 ft) the environment dramatically changes from dry to wet valleys. Do not miss the splendid view when looking down toward the lowlands. The lush and misty cloud forest surrounded by massive rocks and waterfalls is perhaps the most fragile and threatened type of rainforest. In such an environment filled with lichens and moss-carpeted soil, passing by some local villages already at the lower elevation rainforest we will be transferred to the Atalaya port. Once at the river's port, we embark on a motorboat and navigate down this crystalline river of Madre de Dios and having lunch onboard. After 4 hours, you will reach our lodge. This boat journey will be exciting to look for some aquatic wildlife; capybaras, birds, and caimans basking along the fast-flowing river. In the night you will ramble through the primary forest searching for some nocturnal creatures in the meantime small reptiles and rodents.

DAY 2

El Dorado Lodge – Casa Matsigenka

Early morning departure, and we will have chances to spot a macaw clay lick (to observe some parakeets, macaws and parrots gathering to eat clay) we continue our trip by motor boat towards the confluence with the Manu River we enter the wild Manu National Park a brief stop at Limonal Park Ranger Station for check in, the exciting trip begins with full of sightings experiences, every river bend will bring us a view of unspoiled beauty.

We travel up river we'll search diligently for any signs of Jaguar, still only a slim chance but this river is perhaps the best location to find this magnificent mammal, just a few curves up the river

WILD WATCH PERU

the environment will change, there will be orders of magnitude more to look at, from hundred if not thousands of swallows and butterflies, every single sandbar being occupied by something interesting, we will keep a close watch for wildcats. In the mid- afternoon, we arrive at our rustic lodge which it's set aside a short distance from the Rio Manu in the heart of Manu National Park and for our following nights at this peaceful place. Overnight, Casa Matsiguenka Lodge.

DAY 3

Casa Matsiguenka

We will have the better part of two days to enjoy the Manu's Wilderness, on this morning you will explore the Salvador oxbow lake famous for its population of Giant Otters who usually breeds there, they can be seen at different times of the day, these gregarious and playful carnivorous spend good deal of their time fishing or playing by any side of the lake or just taking a sunbath on their favorite dead logs. We'll have access to a floating catamaran (two large canoes connected by wooden planks) with chairs set up for bird and wildlife viewing (which makes paddling around the lake easy and comfortable. Apart from looking for the giant river otters, we'll have the chance for many of the lake edge species, including the fabulous Hoatzin, Agami and herons, interesting raptors, colorful macaws Oropendolas and caciques, just floating around the lake will be one of the joys of the trip, while exploring the forest you will also search for more species of monkeys such as white fronted capuchin, pygmy marmoset. Apart from the lake, the forest around Salvador Lake and the lodge is some of the best Amazonian rainforest we have seen, and a nice network of trails allows us to leisurely stroll on flat trails the rest of the day. (Please notice that the time to visit the Salvador lagoon on this day its subject of availability)

DAY 4

Casa Matsiguenka - El Dorado Lodge (nearby)

This morning we'll board our boat and begin the journey down the Rio Manu back to the Rio Madre de Dios, returning to boat trip will be again very exciting with lots of bird activity on the many sandbars as well as side necked turtles sunning on the logs. This will be again another opportunity for catching a glimpse of the magnificent of great wildlife. After about four hours we will reach Boca Manu for brief stop and to refuel our boat and exploring the lower portion of the Madre de Dios, we get settled for lunch time and likely with enough time to walk around the trails.

DAY 5

El Dorado Lodge (nearby) – Guadalupe Lodge

On this morning we head for a 10 min walk we will reach the Macaw Clay Lick, where we can observe several parrots such as; Mealy Parrots, Blue Headed Parrots, Yellow Crowned Parrots and the Orange Cheeked Parrots as well as the Cobalt Winged Parakeets and many chestnuts fronted macaws will congregate to gather and lick some minerals from the old river banks, initially they will perch on the trees around and later flying down to the exposed cliff. We will boat up the fast flowing braided and clear water upper Madre de Dios in the morning as we start our five hours back journey to Atalaya. This is the last chance to spot capybaras, the world's largest rodent. Keep a close watch for raptors such as kites, vultures or eagles. eventually depart Manu's area for our trip further up the upper Madre de Dios River and our re-introduction into
